

THE GRANGE

The Grange is designed to pack a lot of home onto a modern sized cottage lot.

The master suite is located at the front of the home and includes a walk-in robe which leads directly into the ensuite. The remaining 3 large bedrooms, plus a fully-appointed bathroom are located in a separate wing at the rear of the home. The open-plan living and dining zone flows directly out to the alfresco area.

The kitchen has extensive cabinets and an island bench with breakfast bar, making the Grange a perfect home for entertaining family and friends.
